

A BITTER MEDICINE

Dr. Ostrom Tells Result of Neglect of Christians.

Honolulu, T. H., May 19, 1905.

Editor Advertiser: I appreciate highly the insight which you evidently have concerning the conditions of this young Territory. Your brief editorials command my gratitude. God knows the intricate conditions here and it is of his goodness that every day my all-unworthy work receives some fresh token of real prosperity.

Respectfully Yours,
HENRY OSTROM.

The week-end of the revival services conducted by Rev. Mr. Ostrom came to a close last evening at Central Union church with a good attendance of old and young. Many people arose at the end of the meeting to say they stood for Christ, persuaded by the revivalist that then was the time to announce their decision. To neglect the opportunity was like letting disease get a foothold in the physical system, when only bitter medicine would avail, so the evangelist said. It was so with the spiritual side of one's self.

"I say to a man," said the revivalist, "raise your hands and stand for Christ. That is what I say to the croakers. A man is kept so long under the spell of the thought, 'Oh, I'll do it some other time.' Do it now—it's but a step to exercise the privilege to lead a better life, and God will meet you half way."

"If a man has not a good appetite, the physician oftentimes prescribes a very bitter medicine. If a man will not take the gospel he will likely have a bitter dose prescribed to him for his neglect."

"I say to all, inspire a man to lead a better life. Don't wait for the bitter medicine, for surely it will come. Don't say, 'Next week I will make my decision,' for next week you may not want to carry out your decision. You may then say you were foolish to have entertained such a thought."

"This is God's own work. Take the invitation and welcome he extends and don't wait for the bitter medicine. If we delay, God save us from sin. A man says, 'I would be a Christian but I am unworthy.' I say, God wants you just as you are. If you are a sinner then God is your Savior. If you are unworthy, he will be worthy for you. Come now."

"During the singing of 'Stand up for Jesus,' Mr. Ostrom called for people to stand up for Christ. A few did. Several times the verses were sung while the revivalist exhorted people to stand. Then he asked the pastors present to stand before the platform and invited the people to come down and meet their pastors. A few started and then nearly everyone in the church followed the example set and passed down the aisles to where the ministers stood."

On the platform with Mr. Ostrom last evening were several members of the evangelical churches, including Hawaiians and Japanese.

THE MAILS.

Mails are due from the following points as follows:

San Francisco—Per Sierra, May 24.
Colonias—Per Sonoma, May 23.
Victoria—Per Manuka, June 3.
Yokohama—Per China, May 30.

Mails will depart as follows:

An enormous dam is to be built for irrigation purposes—the Roosevelt dam in Salt river valley, Arizona. It will be one of the largest in the world, will cost \$1,100,000, will overflow about 350,000 acres of land and supply water-power for hundreds of places throughout the territory. The practice of irrigation is very ancient, water having been stored and distributed in this way in Egypt as early as 2000 B. C. Persia, India, Ceylon, China, as well as Peru and Mexico also had irrigation works ages ago. Even in Arizona, not so far from where the big dam is to be built, remains of ancient irrigation works can be found, which suggest that that section of the desert may have been compelled by men to yield crops many hundreds of years ago.

"My wife wanted an Angelus. I play the piano a bit, so couldn't see why she was so persistent. One day I said, jokingly, 'All right, if you can play the piano as well with your feet as I can with my hands, you can have an Angelus.' She called my bluff all right, and ordered one. After she played just one piece, I was satisfied and gave her a check."

SPORTS

That "black horse" in the baseball race, the Mailes, driven by Manager Joe Cohen, will again make its appearance on the diamond today. Everyone is wondering what these youngsters have up their sleeve for "Doc" Monsarrat's colts. They sprung such a surprise last Saturday that unforeseen things may happen today.

The Punahou, as a rule, are a steady team and with Desha to pass up his select ones things may be different for the lads who wear the colors of the wasp.

The Maile's game with the Reds last Saturday was a dandy from the spectators' standpoint. The fans had more fun in this game than anything that has happened in many a day. There was not an idle second in the entire game. If the ball is kept on the move today as it was in that game, the crowd will get a basket full for their coin. And if the Mailes succeed in besting the Puns today and the Elks lose to the Kams, the babies will be in place, number one. This would be going some.

The first excitement will be Elks vs. Kams. There is every reason to believe that this will be a struggle for blood. The Elks desire to get a grip on first place while the Kams must work to overcome their defeat at the hands of the H. A. Cs.

The Kams showed a marked improvement last Saturday and for the first time in their history tried the bunting stunt. This is the game that wins.

The Elks are not slow when it comes to head-work and if they play their usual game it will be a chance for all. Bill Hampton has just come in from the country, where he has been hunting wild goats. Bill looks "cherry ripe" and should unravel all kinds of shoots.

Reuter, the giant, will be pitted against Hamp and if he has the same speed and control that he had in his last game many an Elk will die at the plate.

Today's card is a strong one and should draw out every baseball fan in the city. But Bowers will call the first game promptly at 2 p. m.

Golf.

At the Manoa Golf Club links today at 1:30 p. m., there will be an eighteen hole medal play handicap tournament. There will be a large entry list for this is the first formal event given by the club for nearly two months. The course is in better shape than it has been since the club was organized, the recent rains having greatly improved the greens.

The annual meeting of the Menoa Golf Club will take place on Friday evening, June 2nd, 1905, at the Young hotel. At this meeting the proposition for the organization of a country club by the consolidation of the Manoa Golf Club and the Honolulu Gun Club will be discussed. A committee consisting of David W. Anderson, H. D. Couzens, E. O. White, Clinton J. Hutchins and Wade Warren Thayer is already at work canvassing the situation and it will present a definite plan to the club at the annual meeting. Several sites are under consideration by the club, but the one most favored is the Rooke Estate tract in Nuuanu valley. If the suggested plans are carried out a corporation will be organized, a long lease of the Rooke property taken, a handsome club house erected, an eighteen hole golf course laid out and a shooting range, swimming pool and other attractions planned for.

Tennis.

There was some excellent play in the Tennis Tournament yesterday afternoon, the results being as follows:

H. S. Gray defeated J. P. Cooke, 6-1, 6-2.
A. T. Brock defeated H. L. Carter, 6-2, 6-6, 6-2.
A. R. Cunha defeated S. G. Wilder, 6-4, 6-3.
C. H. Cooke defeated W. S. Warren, 6-2, 6-2.
J. P. Fuller defeated G. P. Wilder by default.
S. H. Derby defeated John Waterhouse, 6-3, 6-1.

All matches today will be played on the courts of the Pacific Tennis Club, and will be as follows:

At 3:30 S. H. Derby will meet Geo. Fuller.
Same hour, S. H. Derby will meet E. A. Mott-Smith.
At 4:30 H. S. Gray will meet A. T. Brock.
Same hour, A. R. Cunha will meet the winner of the Norton-Bockus match.

Cricket.

A cricket match will be played today at 2 p. m. sharp, teams to be picked by Mr. R. de B. Layard and Mr. O. C. Read. Players are expected to be on the ground at 1:45 p. m.

Tug-of-War.

The Punchbowl and the Stevedores will have a tug-of-war tonight.

WILL NOT GROW HAIR.

Newbro's Herpicide is a hair saver; it will not grow hair for nature does this, but by destroying the enemies of hair health it enables the hair to grow as nature intended. Save your hair with Herpicide. Wonderful results will follow its use. Hollister Drug Co., special agents. Sold at all drug stores and barber shops.

JAPANESE DEMOCRACY

Remarkable Organization of Laborers at Aiea.

Within the past few days a battalion of Japanese laborers from Honolulu plantation has been in attendance on the sessions of the Territorial grand jury. The natural presumption was that a big gambling game at Aiea had been spotted, but the fact is that a case of alleged conspiracy was being investigated.

This fact brings up an account of a remarkable organization of Japanese which revealed its existence on Oahu plantation lately. The Aiea camp formed a complete system of government, with president and other executive officers elected by the laborers. An elaborate constitution and code of laws was framed.

The little democracy of the Mikado's subjects even had its own police force to aid in executing its laws. Among its statutes was one providing that if any wanderers from another camp, or any professional agitators, gamblers, vagrants, etc., should enter within the bounds of Aiea camp the police were immediately to beat them and thrust them without the camp.

Whether the little democracy has anything to do with the conspiracy matter before the grand jury cannot at present be ascertained.

It is said the first that Manager J. A. Low knew of the organization was when the leaders went to him with their constitution and laws, requesting him in most ingenious and polite manner to ratify the enactments.

SUIT FOR BALANCE ON ROAD CONTRACT

L. M. Whitehouse, contractor, is being sued for a claimed balance due on a sub-contract to G. J. McCarty in the building of the Kipapa-Waikakalua Gulch road on this island. The suit is based on an agreement dated November 15, 1904, under Whitehouse's contract with the Government, whereby it was agreed as alleged that McCarty was to excavate 7261 cubic yards and be paid for the work the same price as the Government should pay Whitehouse for that portion of the contract. The work was finished on January 28, 1905.

McCarty alleges that Whitehouse received 20 cents a cubic yard from the Government, making \$1452.20, and extras on the sub-contract, bringing the amount up to \$1576. Instead of paying him this sum Whitehouse has only paid him \$1193, having cut down his measurements to reduce the figure, so McCarty alleges. The suit is for the balance of \$383.18. Messrs. Hogan and Humphreys are the attorneys for plaintiff.

INVENTION AND INDUSTRY.

A new invention is the manufacture of ramie grass of cloth, dress goods, ropes and other articles.

Many thousands of workmen in Hamburg are abstaining from drinking beer, using coffee, seltzer and spirits in its place. They are doing this in support of the striking workmen of 22 breweries.

A test has been made at Montreal of a device to check the speed of vessels in an emergency. The vessel's speed is checked by means of fins, controlled from the wheel house, which open at right angles to the vessel's side.

A German investigator has recently discovered an exceedingly valuable and important property of aluminum, which consists in its application as a wetting agent, the effect produced on cutlery set with it being most astonishing.

The raising of lemons is a new industry being carried on successfully in Florence, Col. The lemons grown in that city are said to surpass in excellence those shipped from the southern states, as well as those received in this country from Spain.

The telephone industry of the United States represents a capital of more than \$450,000,000, covering slightly more than 4,000 systems, with 2,315,297 telephones of all kinds, over which were exchanged during 1902 more than 5,000,000,000 telephone conversations.

Bricks are now being made of clean sand and ground quicklime that are said to be as substantial as granite. They cost \$2.50 a thousand. The mixed ingredients are forced into a strong steel cylinder mold by means of a screw. After the air has been sucked from the cylinder no water is admitted, the rock being formed by the resulting pressure and heat.

This story is told of a nice old resident of Brookline, who recently addressed a class of young women at an educational institution, and who advised them to go in for the active life. "Go out and do something, be something," he exclaimed; "become fishers of men," and he wondered why the audience tittered.

THE HONESTY ROAD has no side steps, and once set out on it, a man's got to keep going straight ahead for his own sake. The tailors who make our Stein-Bloch Smart Clothes hit the trail fifty years ago, and you can see their tracks always pointing one way if you look back. Woolens are going up. There's a lot of flimsy stuff being heaped on counters every day, but our Stein-Bloch clothes ring clear to all tapping. THE WOOL'S WOOL—WOOL-TESTED.

Our spring and summer stock of Stein-Bloch clothes is now ready for inspection.
